3 Includes TIAA-CREF affiliate companies.

4 Based on assets under management across Nuveen Investments affiliates and TIAA-CREF investment management teams as of October 1, 2014.

5 Pensions & Investments, May 26, 2014. Rankings based on institutional tax-exempt assets under management as of December 31, 2013 reported by each responding asset manager.

6 Morningstar is an independent service that rates mutual funds. Large blend funds category. As of 9/30/2014, the 3-year rating was 3 stars (out of 1343 funds) and 5-year was 4 stars (out of 1204 funds), and 10 year was 4 stars (out of 804 funds). For each fund with at least a three year history, Morningstar calculates a Morningstar Rating™ based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a fund’s monthly performance (including the effects of sales charges, loads, and redemption fees), placing more emphasis on downward variations and rewarding consistent performance. Where applicable, Morningstar’s performance rankings are based on linked performance that considers the differences in expense ratios, while actual performance data shown does not reflect such differences.

7 Morningstar analyst recognized the Social Choice Equity Fund (institutional share class) based on the consistent process used to deliver solid long-term risk-adjusted performance. The fund holds a Bronze analyst rating from Morningstar in recognition of the consistent process used to deliver solid long-term risk-adjusted performance. Morningstar evaluates funds based on five key pillars—Process, Performance, People, Parent, and Price—which its analysts believe lead to funds that are more likely to outperform over the long term on a risk-adjusted basis.

8 For its stability, claims-paying ability and overall financial strength, TIAA is one of only three insurance groups in the United States to currently hold the highest possible rating from three of the four leading insurance company rating agencies: A.M. Best (A++ as of 9/14), Fitch (AAA as of 10/14) and Standard & Poor’s (AA+ as of 10/14). It currently holds the second highest possible rating from Moody’s Investors Service (Aa1 as of 10/14). Per S&P criteria, the downgrade of U.S. long-term government debt limits the highest rating of U.S. insurers to AA+ (the second-highest rating available). There is no guarantee that current ratings will be maintained. Ratings represent a company’s ability to meet policyholders’ obligations and do not apply to variable annuities, mutual funds or any other product or service not fully backed by TIAA’s claims-paying ability.

9 Morningstar ratings include Retail, Retirement, Premier and Institutional fund share classes; CREF Variable Annuity Accounts; and the Life Funds. Please note Morningstar rates CREF group variable annuities within the open-end mutual fund universe. Current rankings may be higher or lower on a monthly basis. Morningstar is an independent service that rates mutual funds and variable annuities. The top 10% of accounts in an investment category receive five stars, the next 22.5% receive four stars, and the next 35% receive three stars. Morningstar proprietary ratings reflect historical risk-adjusted performance and can change every month. They are calculated from the account’s three-, five- and ten-year average annual returns in excess of 90-day Treasury bill returns with appropriate fee adjustments, and a risk factor that reflects subaccount performance below 90-day T-bill returns. The overall star ratings are Morningstar’s published ratings, which are weighted averages of its three-, five- and ten-year ratings for periods ended September 30, 2014. Past performance cannot guarantee future results. For current performance and rankings, please visit https://www.tiaa-cref.org/public/ctfi/InvestResearch.

10 Based on Morningstar Direct (as of 10/1/14) expense comparisons by category. Our mutual fund and variable annuity products are subject to various fees and expenses, including but not limited to management, administrative, and distribution fees; our variable annuity products have an additional mortality and expense risk charge.

11 The Lipper Award is given to the group with the lowest average decile ranking of three years’ Consistent Return for eligible funds over the three-year period ended 11/30/12 and 11/30/13, respectively. TIAA-CREF was ranked against 36 fund companies in 2012 and 48 fund companies in 2013 with at least five equity, five bond, or three mixed-asset portfolios. Past performance does not guarantee future results. For current performance and rankings, please visit the Research and Performance section on tiaa-cref.org.
